FOR BIGGER SUBWAY

New York Property Owners Make Concessions to Get Four Tracks

MORE THAN HALF ASSENT

Tenants Urge Property-owners to Agree to Change—Consent's Representing One Million Dollars of Property Promised and Will Be Filed.

New York, Aug. 6.—Of the assessed valuation of Fulton street property on a line with the subway consents to the additional tracking of the subway tunnel to the value of \$9,065,000 have been obtained, according to a statement this afternoon of Joseph Caccavajo, consulting engineer to the Fulton Street Merchants' Protective association.

"Consents representing \$1,000,000 more of property are promised, so that," said Mr. Caccavajo, "there are today ready for filing with the county clerk much more than 51 per cent in assessed valuation of consents necessary to start the widening of the subway."

The property affected by the tunnel, extending from Court square at Willoughby street to Nevins street and Fulton street, is assessed at about \$15,000,000. In order to have the additional tracking, consents to the value of \$7,710,500 were necessary.

"I'll file the consents in a day or two," said the merchants' engineer, "and then the work may go ahead."

The property owners who have given their consents are:

Frederick Loeser & Co., A. S. Robbins, Abraham & Straus, George A. Price, A. I. Namm, S. S. Baldwin, the Lawrence Realty company, George J. Smith, David Michael, Benjamin Prince, the Horton estate and the French estate, A. D. Matthews; E. S. Calvert, Strauss & Chariz, United States Realty corporation, Cord Mohrman, the Willoughby estate, Hugh Stewart, the Kings County Trust company, the National City bank, the Koch estate, the Brooklyn Trust company for Frederick Yoeser, the Realty associates, Josiah T. Smith estate, and A. J. Nutting.

Among those who have promised consent are: William Berri, E. Smith, F. E. Barker, William I. Edgett, Claus Doseher, the Liebmann Brewing company and Habbert & Nelson.

Among the tenants who have signed the petition urging owners to sign are: A. D. Matthews' Sons, McKeon & Smith, Ernestus Gulick, A. Webster & Co., J. & T. Cousins, Cousins & Urner, H. W. Baldwin & Co., Alfred Page, Henry Healey, S. Koch & Son, Otto Weisner, F. W. Woolworth & Co.

CHURCH IS WRECKED

Boy Vandals Destroy Organ in Presbyterian Edifice.

CARRY OFF SOME LEAD PIPE

Boys Loot New York Place of Worship—Break Open Closets and Tear Up Furnishings—Pipes and Keys of Organ Broken.

New York, Monday, Aug. 7.—Some boys got into the Cumberland street Presbyterian church between 6 o'clock last night and 7 o'clock this morning and well nigh wrecked the interior of that edifice. Entrance was effected through one of the back windows where there is little chance of observation by neighbors. The church is built in a solid block, without side entrances, so that the only means of admission are from the front or rear windows or doors.

The great organ in the church is practically destroyed, the pipes and keys broken, twisted and damaged almost beyond repair. Many of the pews are upset, and the upholstering cut and slashed. Five closets were forced open in the search for something to destroy, and some of the lead piping carried away. The wooden partition about the organ is smashed, and the books thrown around helter-skelter as if the boys had been having a high old time.

Harvey F. Allen, the sexton of the church, who lives at 34 Cumberland street, was the first to discover the desecrations. He immediately made a survey of the damage and then reported the matter to the Flushing avenue police station. Detectives Carney and De Cantillon were put upon the case and hope to have the offenders soon.

As there was no evidence of burglary beyond the loss of two feet of lead pipe, it is regarded as certain that the wrecking was done by boys in the neighborhood, as only those having intimate knowledge of the church could have so easily made entrance into the edifice.

For some time past the worshippers in this congregation have been annoyed by boisterous boys shouting in at the windows and doors, and, in some cases, throwing things into rooms where meetings were being held. It was not long ago that some one broke into the church and robbed the collection box of the penny provident fund.

A WOMAN TO BE PRETTY

Must Have Luxuriant and Glossy Hair, No Matter What Color.

The finest contour of a female face, the sweetest smile of a female mouth, loses something if the hair is crowned with scant hair. Scant and falling hair, it is now known, is caused by a parasite that burrows into the scalp to the root of the hair, where it saps the vitality. The little white scales the germ throws up in burrowing are called dandruff. To cure dandruff permanently, then, and to stop falling hair, that germ must be killed. Newbro's Herpicide, an entirely new result of the chemical laboratory, destroys the dandruff germ, and, of course, stops the falling hair, and prevents baldness. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.
